

“WWIN helped me through college as a single mother. Since graduating with honors, I have worked full time. I have paid off debts, bought a home, and no longer worry about being able to feed and clothe my kids. WWIN gave me the self-confidence to pursue my dreams fearlessly.”

– Alexandra, Star Scholar alumna

When women succeed, we all win

WWIN has positively impacted the lives of more than 7,000 women across our state. These women share a common trait: the determination to move forward for themselves, their families and their communities. With the support of WWIN, their stories of struggle have evolved into stories of hope, courage, gratitude and dreams fulfilled.

As a corporate partner, you will gain visibility while you empower women to reach their full potential. You will be taking a stand for women while helping them take a big step forward. Join us in making a difference, one woman at a time.
